

Instructions for Installation

By Alonzo Altamirano
Last Edit: April 30th, 2018

Thank you for your interest in Group 3's Calendar Application. This application is provided within the **Group3Calendar.zip** file. This application is currently only confirmed to be operational on systems running Microsoft's Windows 10.

Installation:

1. Download the **Group3Calendar.zip** file from Canvas or GitHub
2. Unzip the **Group3Calendar.zip** file into a folder on the desktop of the prospective User.
3. Open the Folder.
4. Navigate to **Group3Calendar/Application/**
5. To launch the program, click on the application file **CIS_422_Calendar_Group_3**
Warning: This application file must remain with the other files and folders contained within this directory.
6. You have now installed and opened Group 3's Calendar Application.

Making a Shortcut:

We recommend adding a desktop shortcut to the application file. This can be performed by doing the following steps.

1. Navigate to the folder containing **CIS_422_Calendar_Group_3**
2. Right click on the file **CIS_422_Calendar_Group_3**
3. Click create shortcut
4. Click the File **CIS_422_Calendar_Group_3 - Shortcut** and drag it to the desktop.
5. You have now created a desktop shortcut to the application.

Optional Add an Icon:

After completing the "Installation" and "Making a Shortcut" instructions, you may wish to add an icon to the desktop shortcut.

1. Go to your desktop screen.
2. Right click on the desktop shortcut.
3. Click "Properties"
4. Click "Change Icon"
5. A warning prompt will appear, read this if you wish then click "OK"
6. Select an icon from the menu, once selected click "OK" on that menu to close it.
7. Click "Apply"
8. Click "OK" to close the window.
9. You have now added an icon to the desktop shortcut.
